

PITT MEADOWS GOLF CLUB

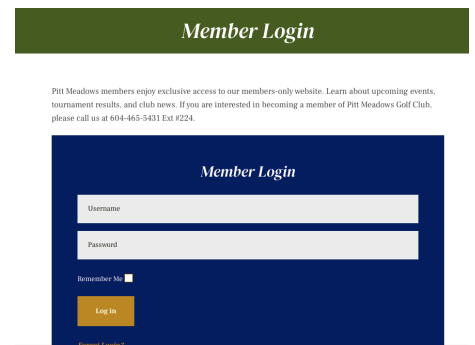

EST. 1963

Our New Pitt Meadows Golf Club Website will be launching soon.

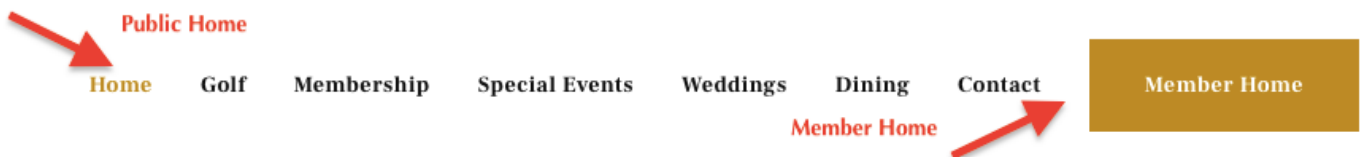

Here is some basic information to get you started:

- All Member Login information remains unchanged. Your user and password will be same as they are now.
- The website has both a Public side and a Member side.
- To book a Member Tee Time or to find Member Guest Rates, Policies, Competition Info, Statements etc. you must be logged into the Member side.

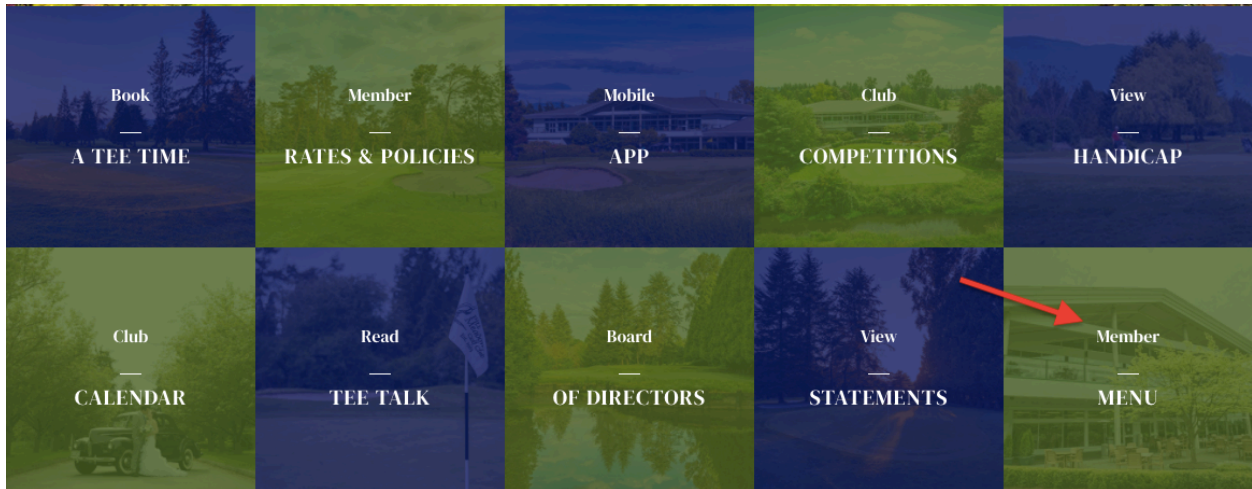

To Log In Click the Blue 'Member Login' Box on the Home Page. You will be directed to the Member Login page. Enter your current credentials.

Once Logged In you can easily navigate between the public side and the member side of the website. Whenever you want to return to the Member Home Page just click the gold box "Member Home' in the top right.

There are several ways to navigate through the Member side of the website. The most frequently used pages are located in 10 large boxes on the Member Home page.

If you do not see what you are looking for in these 10 boxes the entire Member Menu is available by clicking box #10 "Member MENU".

Clicking the gold arrows on the right side of the Member Menu will expand the selection to see what items are found in the sub-menu.

The menu can also be found on all Member interior pages the right hand side.

The new website site functions the same way as the current website. To book a tee time or to view your Member statement follow the same process as you do now.

The link to the Weekend Tee Time request forms can be found on the new website either by selecting 'Member RATES & POLICIES' from the home page and scrolling through the list of items or accessing the 'Club Policies' page in the MEMBER MENU and again scrolling through the list of items.

- ***SUNDAY TEE TIME REQUEST FORM***

If you have any questions or difficulty navigating the new website once it is launched please direct your inquires to the Golf Shop team.

For very easy tee time booking consider downloading our PMGC mobile app. The app also provides news updates and basic links to the website right from your smartphone.

The app is available for both Apple and Android phones.
