Junior Golfers Practice Areas Policy

Driving Range Access for Juniors:

Due to limited space on the driving range, junior access is regulated under these guidelines:

- Wednesday Men's Day (March 1 – October 31):
 - Juniors are permitted to use the driving range. However, during peak times, juniors must yield space to adult members.
- Fridays, Weekends, and Holidays:
 - Before 12:00 p.m.: The driving range is reserved exclusively for adult members.
 - After 12:00 p.m.: Junior members may access the driving range.
- Chipping and Putting Greens:
 - These areas are open to all members, including juniors, without time restrictions.
 - During busy periods, juniors are expected to share the space courteously and prioritize fairness.

Monitoring and Compliance:

- The golf shop staff will actively monitor adherence to these policies.
- Failure to comply with these guidelines may result in a temporary suspension of driving range or course access for juniors.

Thank you for your cooperation in creating a respectful and inclusive environment for all members. If you have questions or require special accommodations, please contact the Head Golf Professional.
